MEMORANDUM FOR: Chief, SR/3
FROM : SR/3 W-2
SUBJECT : ZP/UHVR Plan for the Publication of
an English Language Journal.

1. While in Europe recently, AECASSOWARY 2 and his colleagues discussed and drew up plans for the founding of an English language journal which would be printed in Munich, Germany, providing, of course, our financial support of this venture is forthcoming. This plan, including a tentative financial break-down, has thus been presented to the AERODYNAMIC case officer by AECASSOWARY 2 for consideration and approval.

2. Judging from the plan itself, the undersigned believes the publication of such a journal has merits and should prove of value in the PP effort. According to AECASSOWARY 2, all arrangements for its publication have already been made and material for the first issue has been prepared.

3. Considering the low cost of its publication, the proposed journal appears to warrant at least a one-year trial, subject to renewal if successful. Therefore, in the event the plan receives favorable comment, the undersigned will draw up and submit for approval an official request for funds for this journal to be included in the AERODYNAMIC/PP Project.
